PART I.

GENERAL SUMMARY.

1. **AGRICULTURAL SUMMARY.**—The average rainfall throughout the district was deficient, being 11 inches and 93 cents against a normal average of 21 inches. The Rabi crops, depending on the rainfall of the preceding year, were above the average in the Ajmer and Beawar Tahsils and 10 annas in a rupee in Todgarh Tahsil, but a large portion of the splendid Kharif crop withered and the outturn was about half in all the three Tahsils.

2. **REVENUE AND EXPENDITURE.**—Imperial income and expenditure (including Forests) as shown in the Report were Rs. 19,24,144 and Rs. 25,87,284 as compared with Rs. 18,36,499 and Rs. 20,54,610 in the previous year. As stated in the preceding year's Report, these figures are, however, deceptive to a certain extent since figures for expenditure on irrigation and civil works, which are included in the P. W. D. Budget, are not available to the Commissioner. Moreover, they include certain items both on the receipt and expenditure sides, which cannot be legitimately considered as part of the Ajmer-Merwara Budget, *e.g.*, an item of Rs. 10,35,132 on account of interest paid at the Ajmer Treasury on Promissory Notes and War Bonds, etc. A close examination shows that Ajmer-Merwara as an entity continues to show a small deficit.

3. Excise and income Tax both yielded increased revenues. Excise collections rose from Rs. 7,09,414 to Rs. 7,14,182. The total collections of income and super tax amounted to Rs. 2,87,974 as against Rs. 2,63,036 in the previous year, the increase being due to timely recoveries of demand. The incidence of Excise and Income Tax per head of population was Rs. 1-7-1 and 9-3 annas respectively.

4. Receipts from Land Revenue showed an increase of Rs. 78,460. This is due to the recovery of arrears which remained outstanding against the Istimrardars in the previous year.

5. The increase under expenditure occurred under "Interest" (Rs. 3,90,155) in consequence of the payment of interest on Promissory Notes and War Bonds, under "Education" (Rs. 13,964) mainly due to new appointments, under "Medical" (Rs. 56,781) due to the grant for the construction of the New Victoria Hospital and the revised scale of pay of the Sub-Assistant Surgeons and under "Superannuation allowance" (Rs. 52,622) due to commutation of pensions, new pensions and gratuities.

6. **POLICE.**—There was an actual increase of 451 in the volume of crime reported to the Police. The incidence of crime per 10,000 of population amounted to 71.6 compared with 61.5 in the previous year. It has not been found possible to check the activities of Magan Singh's gang during the year under report.

7. **CRIMINAL JUSTICE.**—The total number of offences reported was 14,375, of which 12,403 were returned as true. In August 1925, the Court of Honorary Magistrates at Ajmer was reorganised into 3 Benches A, B and C. This has resulted, amongst other things, in the cessation of applications for transfer which were a feature of the former system.

8. **CIVIL JUSTICE.**—There was a decrease of 2,327 in the total number of civil suits, including miscellaneous, with a decrease of Rs. 99,193 in the total value. This has affected the sale of judicial stamps resulting in a decrease of Rs. 3,572.

9. **ALIENATION OF LAND.**—During the year under report 45 applications for permission to alienate land under the provisions of the Land Alienation Regulation (III of 1914) were rejected. The Regulation has proved beneficial to the agricultural class.

10. **WATER SUPPLY AND SANITATION.**—There was sufficient water in the Foy Sagar tank throughout the year and it was not found necessary to draw upon Bhaonta or the Budha Pushkar supply for Ajmer City, except for a few days. The sanitation of the city continues unsatisfactory, but this question as well as that of augmenting the water supply are engaging the Committee's attention. The visitor's tax was brought into force with effect from the 1st January 1926.

11. Owing to the paucity of water in Beawar, an attempt was first made to deepen the new well but owing to the appearance of very hard rock at the depth of 32 ft., it was considered advisable to sink bore holes in the well instead of deepening it further. These holes were the main source of supply of water to the town in the end of the year.

12. SCARCITY.—The failure of the rains caused a general scarcity of fodder in the district. 59,782 mds. of grass were imported into the district, the charges debitable to Government on this account being Rs. 20,125. Test relief works were first opened in the affected areas, but later on they were converted into "scarcity works." The total number of persons on these works on the 31st March was 2,687, including 1,178 dependants.

13. CO-OPERATIVE SOCIETIES.—Out of the 650 co-operative societies, 60 have already been brought under liquidation and 50 others are reported to be in such a bad condition that there is little hope of their recovery. It is impossible to say that the condition of the co-operative movement in Ajmer-Merwara is altogether satisfactory at present, but the efforts towards strengthening the staff and weeding out weak societies are in the right direction and there is hope of a gradual improvement.

14. FORESTS.—The surplus of Rs. 22,761 in the working of the Ajmer-Merwara Forests during the year under report is due mainly to better exploitation of the fresh resources in charcoal and firewood and to provision made for certain repairs and additions to the Forest growth. The proposal to collect a sufficient supply of grass in good years to act as a reserve in case of famine is under consideration.

15. PUBLIC INSTRUCTION.—During the year under report the pay of the College staff was revised. This is a distinct improvement as competent men will now be forthcoming on the revised rates of pay. There was an increase of 4 and 717 respectively, in the number of institutions mentioned and the number of pupils, as compared with the previous year. Nearly 5·2 per cent. of the male population and 1·1 per cent. of the female population were under instruction. The total expenditure on education was Rs. 6,10,150 as against Rs. 5,61,579 in the previous year. The scheme for founding a University in Rajputana was abandoned when the proposal to found an Agra University took definite shape. The High Schools are under the United Provinces Secondary Education Board. These arrangements for the control of higher education in Ajmer-Merwara cannot be said to be altogether satisfactory.

16. MARRIAGES IN ESTATES UNDER THE COURT OF WARDS.—The daughter of the Thakur of Junia was married to His Highness the Maharao of Sirohi.

S. B. A. PATTERSON, LT.-COL.,
Chief Commissioner, Ajmer-Merwara.

PART II.

Report on the Administration of Ajmer-Merwara for 1925-26.

SECTION I.

GENERAL ADMINISTRATION.

(a) *Personnel.*

1. The office of the Commissioner, Ajmer-Merwara, was held by Major (now Lt.-Col.) R. J. W. Heale, O.B.E.

The appointment of Additional District Judge was held by Sahibzada Abdul Wahid Khan from 1st April 1925 to 14th May 1925, M. Shiva Charan Das from 15th May 1925 to 29th July 1925 and Sahibzada Abdul Wahid Khan from 30th July 1925 to 31st March 1926.

The office of the Assistant Commissioner, Ajmer-Merwara, was held by Captain C. G. Prior from 1st April 1925 to 3rd April 1925 and by Captain W. F. Q. Shuldham from 12th May 1925 to 31st March 1926. The post remained vacant from the 4th April 1925 to 11th May 1925.

Mr. J. A. DeSouza continued to hold the office of the Extra Assistant Commissioner, Merwara.

The office of Deputy Magistrate, Kekri, was held by L. Kanahya Lal from 1st April 1925 to 6th April 1925 and by B. Manmohan Roy from 7th April 1925 to 13th March 1926. Roy Sahib M. Mahabir Parshad held charge of the office for the remaining portion of the year.

The office of Civil Surgeon was held by Lt.-Col. J. W. Watson, C.I.E., I.M.S.

Mr. C. S. Elmslie held the appointment of Superintendent of Police.

(b) *Revenue and Expenditure (vide Statement No. 42).*

2. The total revenue and expenditure (Imperial and local) of Ajmer-Merwara for the year amounted respectively to Rs. 27,71,144-1-8 and Rs. 33,69,065-2-0 as compared with Rs. 25,96,099 and Rs. 27,82,906 last year.

The Imperial revenue rose from Rs. 17,70,387 in the year 1924-25 to Rs. 18,52,658-6-2 in the year under report and the expenditure from Rs. 20,05,486 to Rs. 25,38,415-14-8. Thus there was a net deficit of Rs. 6,85,757-8-6 in the Imperial revenue.

The principal variations in Imperial revenue and expenditure occurred under the following heads:—

<i>Revenue.</i>		Rs.
Land Revenue		+78,460
Taxes on income		+29,283
Administration of courts		—23,843

Expenditure.

	Rs.
Interest	+3,90,155
Education	+13,964
Medical	+56,781
Superannuation allowance	+52,622

The variations in revenue are explained below :—

The increase under the head “Land Revenue”, is due to the recovery of arrears which remained outstanding against the Istimrardars last year.

The increase under head “Taxes on income” is due to timely recoveries of demand. The decrease under head “Administration of courts” has been caused by the lack of any noticeable criminal forfeiture item similar to the case of M. Maharaj Swarup which appeared last year.

The variations in expenditure are explained below :—

The increase under the head “Interest” is due to payment of interest on special Government Promissory Notes of His Highness the Maharaja of Jaipur and on several War Bonds.

The increase under head “Education” is due to the appointment of an Assistant Superintendent of Education for Ajmer-Merwara, a Commercial teacher, and a Superintendent of the Boarding House in the Ajmer Government High School as well as increase in the amounts of grants-in-aid and contributions.

The increase under head “Medical” is due to the grant for the construction of the New Victoria Hospital and the revised scale of pay of the Sub-Assistant Surgeons.

The increase under head “Superannuation allowance” is attributable to commutation of pensions, new pensions and gratuities.

SECTION II.

ADMINISTRATION OF THE LAND.

(a) *Court of Wards (year ending the 31st July 1926).*

3. **TENURE OF OFFICE.**—The office of the General Manager, Court of Wards, Ajmer, was held by Munshi Mangilal Dosi from the beginning of the year to 3rd May 1926 and Babu Manmohan Roy from 4th May 1926 to the end of the year.

4. **ESTATES UNDER MANAGEMENT.**—The number of estates under the management of the Court of Wards at the close of the year was 20, viz.:—(1) Bhinai, (2) Kharwa, (3) Junia, (4) Govindgarh, (5) Thakur Guman Singh's estate, (6) Bubania, (7) Dodiana-Dilwari, (8) Gangwana, (9) Mussammat Hussein Banu's estate, (10) Karel, (11) Lamba, (12) Miran Sahib's estate, (13) Mussammat Nani Begum's estate, (14) Nimode, (15) Nawab of Boraj's estate, (16) L. Pushkerlal's estate, (17) Rajosi, (18) Richmalian, (19) Salari and (20) Sholian.

During the year the estate of Bandanwara was released on the ward's attaining majority and that of Govindgarh was placed under the management of the Court of Wards on the demise of Thakur Shankerlal Singh in July 1926. The succession of the minor Mohammed Umar Khan to the estate of late Nawab Shamsuddin Ali Khan of Boraj was finally decided in his favour by the Government of India in October 1925.

5. **RECEIPTS AND EXPENDITURE.**—The year under report opened with a cash balance of Rs. 72,315-6-4. The total receipts during the year from all sources amounted to Rs. 3,21,226-1-6 as detailed below of which Rs. 2,39,170-11-1 were under the head "Ordinary" and Rs. 82,055-6-5 under the head "Extraordinary":—

	Rs.	A.	P.
1. Bhinai	82,913	13	0
2. Kharwa	72,101	1	9
3. Junia	89,385	5	3
4. Bandanwara	14,330	2	9
5. Govindgarh	2,856	7	9
6. Other estates	59,639	3	0
TOTAL	3,21,226	1	6

The total expenditure of the year amounted to Rs. 3,60,011-4-2 as detailed below:—

	Rs.	A.	P.
(1) Government dues	22,355	10	8
(2) Household charges	1,53,218	5	0
(3) Management charges	43,469	15	7
(4) Rural Police	2,915	11	8
(5) Works	22,964	8	10
(6) Subscriptions	890	4	0
(7) Payment of debts with interest	18,662	2	0
(8) Investments including Takavi to tenants	22,470	15	9
(9) Other charges	73,063	10	8
TOTAL	3,60,011	4	2

The outstandings at the beginning of the year were Rs. 95,262-8-0 while the demand of the current year from all sources was Rs. 25,363-12-11 making the total demand Rs. 4,20,626-4-11 as detailed below:—

	Rs.	A.	P.
1. Bhinai	88,649	15	6
2. Kharwa	92,967	12	3
3. Junia	95,943	13	6
4. Govindgarh	2,871	2	0
5. Bandanwara	44,319	7	0
6. Other estates	95,874	2	8
TOTAL	4,20,626	4	11

The collections amounted to Rs. 3,21,226-1-6 as noted above. A sum of Rs. 892-4-9 having been remitted the outstanding balance at the close of the year stood at Rs. 98,507-14-8.

6. LIABILITIES.—The liabilities of the estates under management at the end of the year aggregated Rs. 3,67,360-10-1 as below against Rs. 3,32,499-15-3 of the last year. The increase is chiefly due to Junia estate in which Rs. 35,000 were taken on loan for the marriage of the ward's daughter and Rs. 10,000 for repairs to tanks with a view to increase the income of the estate. It is also due to scarcity and unfavourable monsoon of the year 1925 on account of which Rs. 10,000 were taken on loan for the Kharwa estate.

	Rs.	A.	P.
(1) Dami loan including interest upto date of payment .	2,47,086	10	10
(2) Takavi loan including interest upto date of payment .	24,892	6	9
(3) Arrears of Government Jama and cesses	10,473	13	0
(4) Arrears of General Establishment Fund	2,500	0	0
(5) Private debts	82,407	11	6
TOTAL .	3,67,360	10	1

7. COST OF MANAGEMENT.—The cost of management amounted to Rs. 43,469-15-7 or 18·18 per cent. of the year's ordinary receipts against 13 per cent. of the last year. The percentage including cost of local management amounts to Rs. 29,529-15-7 or 12·35 against 7·93 in the preceding year. The increase in the percentage is due to large fall of income from Rs. 4,75,815 to Rs. 3,18,104 owing to unfavourable rains.

8. EDUCATION OF THE WARDS.—Raja Kalayan Singh of Bhinai and the two Junia Kanwars continued their studies at the Mayo College, Ajmer, and Nawab Mahomed Umar Khan of Boraj was admitted this year. The Thakurs of Bubania, Karel, Lamba and Nimode received education at the Municipal School, Kekri, the first three were withdrawn before the close of the last school session owing to their advanced age. The minor wards Mahesh Pershad and his two younger brothers of Pushkar Lal's estate and the minor ward Yusuf Ali Shah, jagirdar of Dodiana, continued their studies at the Government High School. Mahesh Pershad joined Government College after passing Matriculation examination. The Thakur of Sholian continued his studies at the D. A. A. V. High School, Ajmer.

9. HEALTH OF THE WARDS.—The health of all the wards was good throughout the year.

10. MARRIAGES OF THE WARDS AND THEIR RELATIVES.—The daughter of the Thakur of Junia was married in April 1926 to His Highness the Maharao of Sirohi.

(b) Mutation Cases.

11. In the Ajmer Tehsil 2,495 cases were instituted all of which were disposed of during the year under report.

In Merwara 3,358 cases were instituted and all except 13 disposed of during the year.

(c) Land Alienation Regulation.

12. During the year 294 applications for alienation of agricultural land were filed, of which 249 were granted and 45 rejected.

The alienations sanctioned include 8 cases of land within municipal limits, 6 relate to perpetual leases and 3 to gifts. No decrees were referred to the Collector under section 8 (3) of the Regulation during the year under report. Three cases were however referred under section 16 of the Regulation, one of which was dismissed and in the other two possession was allowed to the mortgagees for a period within the limit prescribed by the Regulation.

SECTION III.

(a) *Ajmer-Merwara Police (year ending the 21st December 1925). [Compiled by R. E. Coupland, Esq., Inspector General of Police, Ajmer-Merwara.]*

13. CRIME STATISTICS.—The total volume of reported crime excluding false cases reported to Magistrates was 3,548, an increase of 502 as compared with the figure of 1924. The increase falls under three heads (i) serious offences against persons and property or against property only; (ii) offences affecting the public health and safety and (iii) offences relating to vagrancy and bad livelihood. There was an actual increase of 451 in the volume of crime reported to the Police during the year.

The incidence of crime per 10,000 of population amounted to 71.6 compared with 61.5 last year.

14. INVESTIGATION.—Investigations were made in 93.1 per cent. of cases reported compared with 92 per cent. in 1924. 43 police cases were struck off as false or as due to mistakes of fact or law, compared with 92 the year before.

15. MURDER.—The number of murder cases reported increased from 6 in 1924 to 8 in 1925. Including one case pending from the previous year there were 8 true police cases. Of these one was convicted, one acquitted, 3 remained untraced and 3 were pending at the close of the year. The figures for 1925 are above the average of the triennium of 1922-23-24. Of the 8 cases reported during the year, one was expunged as due to a mistake of law or fact. Of the 7 cases which actually occurred during the year, one was a murder for gain, one due to enmity, one to immorality, one to a family quarrel, one was a case of infanticide, one was probably a case of suicide, while in one case the motive was unknown.

16. POISONING.—No case of poisoning was reported during 1925. There was also no Magistrate's case during the year.

17. DAKAITI.—The total number of true cases of dakaiti reported to the Police during 1925 was 11. Including 2 cases pending from 1924, there were 13 cases, against 17 in 1924. The cases which occurred during the year were all road or jungle dakaities. Of the 13 cases, 2 were discharged and 2 remained pending at the close of the year. In 9 cases the police failed in detection completely.

In the Ajmer-Merwara district the problem of dakaiti is a difficult one. The victims are invariably pusillanimous and never make the slightest resistance to the dacoits who are generally armed and frequently mounted. Practically throughout the year there were patrols of Armed and Mounted Police in most circles, but the patrols never had the good fortune to get into touch with any dacoits and the activities of Magan Singh's gang have not been checked. Dakaiti will continue until Mahajans and others who persist in moving about the country side covered with jewellery arm themselves and use their arms.

18. ROBBERY.—Including 9 cases pending from the previous year and 2 magisterial cases of 1925, there were 30 true cases for disposal compared with 43 in 1924 and 23 in 1923. Of the 30 cases, 3 ended in conviction, 4 were discharged, 20 remained undetected and 3 were pending at the close of the year. 5 of the robberies were identified as the work of Magan Singh's gang.

19. BURGLARY.—The number of true burglary cases for disposal including Magistrate's cases and those remaining from last year was 646 compared with 637 in 1924. The value of property burgled in 1925 aggregated Rs. 78,255-15-7 compared with Rs. 74,903-1-8 in 1924.

There were 3 important cases of burglary. In one case which took place in the Estate of Deolia Kalan, the house of the Manager of that Estate, was burgled and property worth Rs. 1,419 was stolen. This was the work of members of Criminal Tribes: 3 accused were challaned, one of whom was convicted.

In the second case which occurred at Nasirabad, the Brigade supply godowns were broken into and 16 wooden boxes each containing two canisters of ghee valued at Rs. 1,232 were abstracted. The case remained untraced. The third case took place in the Ajmer City, in the house of a Khadim and property worth Rs. 941 was stolen. This case also remained undetected.

20. ORDINARY THEFTS.—There were 362 true police cases for disposal compared with 416 in 1924. 158 cases involving 193 persons were sent up for trial. 93.04 ended in conviction.

21. CATTLE THEFT.—75 true police cases were disposed of compared with 71 in 1924. 22 cases were worked out.

22. CRIMINAL TRIBES.—At the close of 1925, there were 490 adult males of all classes including gypsies on the registers compared with 357 of 1924. The increase is due to the registration of Minas of village Nayagaon, in police circle Kekri and of Mers and Rawats of village Lulwa with all its hamlets.

During the year under report 24 cases were prosecuted under sections 21 and 22 of the Criminal Tribes Act. Of these 18 were convicted, while in 44 cases the accused are absconding. Similarly 11 Sansis, 1 Baori, 1 Mina and 12 Kanjars were convicted under the Indian Penal Code as compared with 14 Sansis, 6 Kanjars and 4 Baories in 1924.

Restrictions under section 11 of the Criminal Tribes Act amongst gypsies are proving beneficial in checking the ingress of State gypsies and in influencing restricted persons to settle down and adopt an honest form of livelihood. 24 registered persons are serving in the Railway shops at Ajmer and are living honestly on their earnings.

The reciprocal arrangements with the surrounding States have continued to work effectively.

23. VAGRANCY AND BAD LIVELIHOOD.—70 persons were prosecuted under preventive sections of the Criminal Procedure Code compared with 56 in 1924. 53 out of 70 were bound over, 13 discharged and the cases against 4 persons remained pending at the close of the year.

(a) Police.

24. STRENGTH.—The total sanctioned allocation, including two private guards of a *quasi*-permanent nature, was the same as in the previous year, *viz.*, 38 officers and 839 men. The actual strength at the close of the year was 33 officers and 826 men.

25. PUNISHMENTS AND REWARDS.—4 men were convicted judicially during the year compared with the same number in 1924. 14 men were punished departmentally compared with 2 officers and 42 men in 1924.

Six hundred and fourteen officers and men were rewarded receiving a total of Rs. 3,680-10-6 as against 283 officers and men who earned Rs. 2,293-5-4 in 1924.

26. MOUNTED POLICE.—There was no change in the sanctioned strength and disposition of this branch of the Force which stood at 2 head constables and 25 constables.

(b) Criminal Justice (year ending 31st December 1925).

[*Vide* Statements Nos. 11 to 16 and 25.]

27. The total number of offences reported was 14,375 of which 12,403 were returned as true.

Of these cases 1,314 were reported under the Police Act. The number of cases under the Opium Act was 27 against 20 in 1924 and 9 in the year 1923.

28. 19,302 persons were placed on trial of whom 11,963 were convicted. The corresponding figures for the year 1924 were 13,689 and 6,779.

The average duration of each case was 46.08 as compared with 45.73 in the year 1924.

29. The Court of Sessions dealt with the cases of 26 as against 52 persons in the year 1924, of these 10 were convicted, 11 acquitted and 5 remained under trial.

29-A. The number of appeals and miscellaneous criminal applications disposed of by the Judicial Commissioner, Western India States Agency, exercising the powers of the Chief Commissioner as High Court, was 130 of which 64 were

rejected. The sentence in 27 was confirmed, in 1 enhanced, in 9 reduced or altered and in 10 was revised. There were 3 miscellaneous applications in which new trial or further enquiry was ordered and 7 in which proceedings were quashed. There were 9 applications which were not prosecuted or were withdrawn.

30. The number of appeals and revisions dealt with by the District Magistrate, Sessions Judge and the Additional Sessions Judge was 340 of which 194 were rejected.

The sentences in 26 cases were reduced and 71 reversed, 11 were referred to the Hon'ble the Chief Commissioner and new trial was ordered in 9 cases while 16 remained pending.

31. In August 1925 the Court of the Honorary Magistrates at Ajmer was re-organized into 3 benches A, B, C. Experience has justified the measure as is shown by the fact that applications for transfer which under the previous system were received every day, have now entirely ceased.

(c) Civil Justice (year ending 31st December 1925).

[Vide Statements Nos. 11 and 17 to 25.]

32. The total number of courts during the year was 36.

The total number of suits including miscellaneous was 5,933 against 8,260 in the year 1924, showing a decrease of 2,327.

The total value of suits instituted during the year was Rs. 9,53,033-10, as against Rs. 10,52,226-10-6 in the year 1924.

Suits of all kinds the value of which exceeded Rs. 10 and did not exceed Rs. 50 numbered 1,957.

The total number of suits of all kinds for disposal including arrears was 10,108.

The contested suits disposed of numbered 1,256, 71 were decided by arbitration, 4,435 were disposed of without contest. The number of suits disposed of without trial was 1,736 and 9 were transferred to other courts.

The pending files at the close of the year showed 2,601 cases as compared with 2,983 in the preceding year, of these 1,046 had been pending more than 3 months. The average duration of contested suits was 250.29 days and that of uncontested 92.07.

33. On the appellate side there were 494 appeals from decrees and orders and the pending files at the close of the year showed 248 cases against 247 in the preceding year. The average duration of appeals was 293.92 days against 233.14 in the preceding year.

33-A. The total number of appeals and miscellaneous civil applications dealt with by the Judicial Commissioner was 210. Details are given in Statement 10-A (Civil).

34. The number of applications for execution was 16,908 against 17,329 in the year 1924. The number of pending applications for execution of decrees at the close of the year was 3,342 as compared with 5,716 in the preceding year.

(d) Registration (year ending the 31st December 1925).

[Vide Statement No. 26.]

35. The number of documents registered decreased by over 6 per cent, from 3,454 in 1924 to 3,220 in 1925. The decrease was common to all kinds of documents excepting wills* and written authorities† to adopt which showed a tendency to increase during the year rather abnormally, the variations speak of prosperity of the population.

* Wills

41: 60

† Written authorities to adopt

2: 7

Transfers of agricultural land by sale fell by over 25 per cent. and those by mortgages by over 4 per cent. as will appear from the figures compared below while the value of the land has appreciably increased.

	1925.	Value.	1924.	Value.
	Bighas.	Rs.	Bighas.	Rs.
Area sold	2,098	3,15,841	1,570	3,16,089
Area mortgaged	3,253		3,115	

The decrease in registration work caused a decrease in receipts while the expenditure shows a small increase which was chiefly due to the re-adjustment of clerks' pay.

	1925.	1924.
Receipts	10,658 10 0	11,250 9 0
Expenditure	2,106 13 0	1,904 4 6

(e) *Municipalities (year ending the 31st March 1926).*

[*Vide* Statements Nos. 27 to 30.]

(i) Ajmer Municipality. Population 99,541 excluding 13,971 pilgrims.

36. During the year under report, the constitution of the Ajmer Municipal Committee remained unchanged. The Committee was composed of 24 members, 6 nominated and 18 elected of whom 8 were Europeans and 16 Indians.

Eleven special and 16 ordinary meetings were held, the average attendance at each meeting being 16.73 and 15.50 respectively.

37. The total income of the year was Rs. 4,95,989 as against Rs. 4,25,677 in 1924-25. The expenditure amounted to Rs. 4,24,357 as against Rs. 4,13,226 in the previous year. The closing balance was Rs. 1,21,854.

The income shows an increase of Rs. 70,312 over the preceding year mainly under the heads Octroi and bonded warehouse, Sales, Miscellaneous and Deposits.

The excess expenditure of Rs. 11,131 as compared with the last year, occurs chiefly under the heads "Interest on loans" and "Repayment of loans."

38. The gross and net receipts from octroi in the two years are shown below :—

	Gross. Rs.	Net. Rs.
1924-25	2,88,612	2,23,804
1925-26	2,98,139	2,46,718
Difference	9,527	22,914

39. The increase of Rs. 9,527 in gross octroi receipts occurred chiefly under the item "Piecegoods, viz., cloth." The net octroi receipts as compared with the figures of last year also show an increase of Rs. 22,914 due to excess in gross receipts and grant of less octroi refunds, the percentage of which on gross octroi collections fell from 22.46 in 1924-25 to 17.25 in 1925-26.

40. The incidence of octroi taxation was Rs. 2-7-8 per head of the population against Rs. 2-4 in the preceding year.

41. A sum of Rs. 49,402 was paid towards the liquidation of Government loans, the balance of which due by the Municipality at the end of the year amounted to Rs. 3,51,502.

42. The management of the Ajmer Water Works remained in the hands of the Executive Engineer, P. W. D., Ajmer Division.

43. The total rainfall recorded at the different registering stations during the year was as follows :—

(1) Foy Sagar	17.44
(2) Catchment area of the Foy Sagar	11.01
(3) Municipal storage cisterns	14.36
(4) Bhaonta water works	14.26

The year was one of scanty rainfall, but thanks to the excellent rains of the preceding year, there was sufficient water in the Foy Sagar tank and it was not necessary to draw upon the Bhaonta or the Budha Pushkar supply, except for about 12 days, a considerable saving being thus effected in pumping expenses.

At the commencement of the year the water level of the Foy Sagar lake was 20.31 which fell to 9.9 at the close of the year.

The water level of the Budha Pushkar lake was 5.8 at the beginning and 6.10 at the end of the year. At Bhaonta well No. 5 the water level was 94.19 on the 1st April 1925 and 90.26 on the 31st March 1926.

44. The number of births and deaths recorded was 2,473 and 3,378 respectively as against 2,298 and 3,792 in the previous year.

The birth and death rates per mille of population were 21.78 and 29.76 against 20.24 and 33.40 respectively in the preceding year.

The mortality among children under 5 years of age was 1,740 (48.55 per cent. of the total mortality) against 1,992 in the previous year.

45. The total number of vaccinations performed was 5,605 against 4,852 in the previous year.

46. The sanitation of Ajmer city continues unsatisfactory. But this question as well as that of augmenting the water supply are engaging the Committee's attention.

47. The visitors tax was brought into force with effect from the 1st January 1926. Its collection is being made through the Bombay, Baroda and Central India Railway on a commission of Rs. 5 per cent. The work of assessment in connection with the water tax is in progress.

48. The new Ajmer-Merwara Municipalities Regulation, VI of 1925, was brought into effect from the 1st January 1926.

49. The accounts of the Municipality were as usual test-audited by the Examiner, Local Funds Accounts, United Provinces.

(ii) *Beawar Municipality : Population 22,362.*

50. The Committee held 12 special and 25 ordinary meetings.

51. The total income and expenditure for the year amounted respectively to Rs. 1,45,551 and Rs. 1,69,032 as against Rs. 1,38,264 and Rs. 1,32,852 in the preceding year. The closing balance was Rs. 19,642 exclusive of Rs. 19,997 invested in Government securities.

52. The income on the whole shows an increase of Rs. 7,287 as compared with last year, which occurs under the head "Octroi," the revised Octroi schedule having been brought into force last year.

The expenditure exceeds last year's figures by Rs. 36,180 which is mainly due to the boring operations at the Jalia wells.

53. The incidence of Octroi taxation per head of population was Rs. 4-8-11 against Rs. 3-7-10 in the year 1924-25.

54. The management of the Beawar water works remained in the hands of the Edward Mills Co., Ltd., Beawar, while the boring operations which were undertaken to tide over the water scarcity in the summer, were carried out by the Committee. Owing to the scarcity of rains during the last 2 years there was a considerable fall in the water levels of the 2 wells at Jalia which supply water to the town. The new well which was commenced in 1924 was sunk only to a depth of 32 feet and owing to the appearance of very hard rock at this depth it was considered advisable to sink bore holes in the well instead of deepening it further. The Calyx drill was employed for boring. 3 bores of depths of 235, 165 and 131 feet

respectively were sunk and the water was lifted by means of an air installation. The old wells ran practically dry at the end of March 1926 and the holes were the main source of supply to the town. The yield from each hole was about 1,000 gallons per hour or about 54,000 gallons per day of 18 hours during which the air lift was in operation. The total cost of water supply amounted to Rs. 47,881 including Rs. 14,199 on account of the maintenance of the works. The income from the sale of water amounted to Rs. 1,785.

55. The numbers of births and deaths registered during the year were respectively 836 and 844 as against 841 and 790 in 1924-25.

56. The accounts for the year 1924-25 were test-audited by the Local Funds Audit Department of the United Provinces.

(iii) *Kekri Municipality : Population 5,700.*

57. There was no change in the constitution of the Committee.

58. The Committee held 10 ordinary and 4 special meetings during the year.

59. The total income and expenditure amounted to Rs. 29,443 and Rs. 22,436 against Rs. 24,470 and Rs. 24,904 respectively in the preceding year. The increase of Rs. 4,973 in income is mainly noticeable under the head Octroi, sub-head clothing materials, due to larger produce of cotton than last year. The decrease of Rs. 2,468 in expenditure occurs chiefly under the head "Conservancy," the Nalla work having been completed last year.

60. The incidence of Octroi taxation per head of population was Rs. 4-0-8 as against Rs. 3-1-0 in the year 1924-25.

61. The numbers of births and deaths recorded during the year were 263 and 158 against 239 and 166 respectively in the preceding year. The birth and death rates per thousand of population were respectively 46.14 and 27.72 against 41.93 and 29.12 in 1924-25.

62. The balance at the credit of the Municipality at the close of the year was Rs. 45,350 (against Rs. 38,343 in the preceding year) including Rs. 11,000 invested in Government securities.

63. The accounts for the year 1924-25 were test-audited by the Local Funds Audit Department of the United Provinces.

(iv) *Deoli Municipality : Population 3,474.*

64. There was no change in the constitution of the Committee. The Committee held 11 ordinary and 2 special meetings during the year.

65. The total income and expenditure for the year amounted to Rs. 4,637 and Rs. 4,029 as compared with Rs. 5,564 and Rs. 4,394 respectively during the preceding year. The decrease of Rs. 927 in income was mainly noticeable under heads Grazing and Cultivation Fees and Arrears of taxes. The decrease of Rs. 365 in expenditure occurred chiefly under heads Conservancy, Contingencies and Public Works Department Roads. The closing balance for the year was Rs. 6,463 against Rs. 5,855 in the preceding year.

66. The incidence of taxation per head of population was Rs. 1-2-11 against Rs. 1-6-11 last year.

67. The figures of births and deaths recorded during the year were respectively 56 and 22 against 86 and 40 in the preceding year.

68. The accounts of the Municipality for the year 1924-25 were audited by the Examiner, Local Funds Accounts, United Provinces, Allahabad, in February 1926.

(f) *Medical (year ending 31st December 1925).*

69. The number of dispensaries in the district has been 7 since 1918.

The total number of in-door and out-door patients treated in these dispensaries increased by over 9 per cent. from 76,377 in 1924 to 85,016 in 1925.

The percentage of deaths amongst in-door patients increased from 4.76 to 5.62.

The total number of surgical operations of all kinds performed during the year was 5,638 with 16 deaths against 5,069 with 7 deaths in the previous year. Of these 1,966 were performed in the Victoria Hospital at Ajmer with 11 deaths against 1,625 with 5 deaths in 1924.

The total income of hospitals and dispensaries in Ajmer-Merwara amounted to Rs. 43,080 as compared with Rs. 35,540 in the last year showing an increase of Rs. 7,540 mainly due to increased contribution from Imperial Revenues towards cost of establishment.

The total expenditure amounted to Rs. 41,492 as against Rs. 33,467 showing an increase of Rs. 8,025, which was chiefly due to the revised scale of pay of Sub-Assistant Surgeons which was sanctioned with retrospective effect from 1st April 1923.

(g) *Joint Stock Companies (year ending the 31st March 1926).*

70. The number of companies working at the close of the year remained the same as in the preceding year, namely 23, one new company, viz., the Shri Jeewan Co., Ltd., Tantoti, was registered during the year and one company, viz. the Rajputana Swadeshi Stores Co., Ltd., Ajmer, went into voluntary liquidation.

Two societies, viz., Shri Uwak Pathanallya, Nasirabad, and Sasta Sahitya Prakash Mandal, Ajmer, were registered during the year under section 2 of the Registration of Literary, Scientific and Charitable Societies Act (XXI) of 1860.

At the close of the year the authorised and paid-up capitals of the existing companies were Rs. 73,55,000 and Rs. 36,79,381-15-6 as against Rs. 74,35,000 and 37,06,841-15-6 respectively in the year 1924-25.

The total receipts amounted to Rs. 497 during the year as against Rs. 462-2 in the preceding year. The increase being small calls for no remarks.

The expenditure incurred by Government amounted to Rs. 956 as against Rs. 809-1-4 in the year 1924-25. The increase is due to annual increment in the pay of the Companies Act clerk and also to the payment of arrears of increments falling due in 1925.

The office of the Registrar of Joint Stock Companies, Ajmer-Merwara, was held by the following officers for the periods noted against their names.

- | | |
|---|----------------------------------|
| (1) Captain C. G. Prior, I. A. | 1st to 3rd April 1925. |
| (2) Mr. Balkishen | 4th April to 11th May 1925. |
| (3) Captain W. F. Q. Shuldham, I.A. | 12th May to the end of the year. |

(h) *Jails (year ending 31st December 1925).*

71. At the commencement of the year there were 382 prisoners including convicts and under-trial prisoners.

The number of prisoners admitted to the jail during the year 1925 was 1,751 against 1,697 in the previous year. Of these 809 were convicts, 916 undertrials and 26 civil prisoners. The number of prisoners discharged from all causes was 1,798 against 1,590 during the previous year.

The number of prisoners at the close of the year was 335.

The profits from jail manufactures amounted to Rs. 3,569-2 against Rs. 2,292-7-8 in the previous year.

The total expenditure in guarding and maintaining the prisoners including that incurred by the Public Works Department on buildings and repairs and by Magistrates in guarding and maintaining under-trial prisoners amounted to Rs. 49,906-5 as against Rs. 54,144-10 during last year. The average cost per prisoner was Rs. 115-8-9 against Rs. 126-11-7 in 1924.

REPORT ON THE ADMINISTRATION

SECTION IV.

PRODUCTION AND DISTRIBUTION.

(a) *Agricultural Summary* (vide *Statement No. 31*).

72. The year under report comprises Rabi 1332 and Kharif 1333 Fasli. The average rainfall was 11 inches 93 cents, the normal being 21 inches. The Rabi depended on the rainfall of 1924 and consequently the outturn was above average in Ajmer and Beawar Tahsils and As. 10 in a rupee in Todgarh Tehsil.

The area sown in the three Tahsils was 78,712 of which 2,032 acres failed.

Tahsils.	Area sown.	Area failed.	Produce in mds.
Ajmer	42,914	431	360,200
Beawar	26,187	855	190,973
Todgarh	9,611	746	84,586
TOTAL	78,712	2,032	635,759

The monsoon that followed however was disappointing. Rain in June and July was on the whole timely but failed altogether in August. As a result a large portion of the splendid Kharif crop withered and the outturn was As. 7-5 in the Ajmer Tahsil, As. 8-4 in the Beawar Tahsil and As. 8-7 in a rupee in the Todgarh Tahsil. The area under cultivation in the three Tahsils was 138,626 of which 79,296 acres failed.

Tahsil.	Area sown.	Area failed.	Produce in mds.
Ajmer	67,839	38,627	134,683
Beawar	46,326	27,623	81,621
Todgarh	24,461	13,046	66,736
TOTAL	138,626	79,296	283,040

(b) *Takavi Loans under the Land Improvement Loans Act and Agriculturalists' Loans Act* [vide *Statements Nos. 32 to 34*].

73. A sum of Rs. 72,206 was advanced under Act XIX of 1883 during the year under report and Rs. 13,650 were advanced under Act XII of 1884. The recoveries of principal under the two Acts amounted to Rs. 12,172 out of the total advance of Rs. 3,89,018 leaving a balance of Rs. 3,76,846 outstanding at the close of the year.

A sum of Rs. 1,552 on account of interest on loans under both the Acts was also collected during the year.

(c) *Scarcity.*

74. As a result of deficient rainfall, there was a general scarcity of fodder in the district. The measures taken in this connection consisted of advance of agricultural loans for the purchase of fodder, throwing open of forests to grazing and grant of reduced rates for the carriage of fodder by railway. The total quantity of grass thus imported was 59,782 maunds, the charges debitable to Government on this account being Rs. 20,125.

There was also a serious crop failure and it was apparent that distress would be felt in certain parts of the district, namely in the north of Ajmer near Srinagar and in the vicinity of Nasirabad and along the road from Beawar to Lakhaguda.

in Merwara. As a preliminary test of any demand for work, arrangements were made with the Public Works Department for an expansion of their ordinary programme in these localities. In the Ajmer Tahsil the villagers, however, came only in very small numbers to the public works, such as metal collection, opened for their relief. In Merwara, the villagers came in considerable numbers varying between 150 and 250 per diem to each of the works in progress and particularly in the vicinity of Taragarh, Jassakhera, Bhim and Lakhagudha. Accordingly regular test relief works under the Famine Code were opened in these areas on the 1st March 1926 and were converted into "scarcity" works on the 22nd idem. The total number of persons on these works on the 31st March was 2,687 including 1,178 dependants.

(d) *Mines.*

75. During the year under report 13 prospecting licenses for the extraction of mica and one for graphite were issued to approved miners in the District of Ajmer-Merwara and 2 licenses were renewed.

Three mining leases for the extraction of mica in certain areas of Khalsa villages and two leases in Istimrari estates were also granted during the year.

A sum of Rs. 5,022 was realised as Government dues on account of fees, rents and royalty during the year under report as against Rs. 4,355 in the preceding year."

Nine new certificates of approval to prospect and mine for minerals in the district were granted by the Local Government and 11 were renewed during the year.

(e) *Public Works.*

76. During the year under review the total expenditure incurred on Public Works (exclusive of Irrigation works, Canals and Railways) amounted to Rs. 3,82,072 of which Rs. 3,49,584 were spent on works within the jurisdiction of the Commissioner as against Rs. 3,33,875 in the year 1924-25.

The principal projects on which expenditure was incurred were :—

- (1) Constructing a first class Bonded Warehouse at Beawar.
- (2) Laying pipe line for the independent water supply to the Chief Medical Officer's office at Ajmer.
- (3) Certain additions and alterations to the Assistant Engineer's bungalow at Ajmer.
- (4) Improving drainage and parapets in miles 4 and 5 of the Ajmer-Pushkar road.
- (5) Improving the steep gradients in mile 5 of Ajmer-Pushkar road.

The revenue credited to Imperial Civil Works during 1925-26 on account of Ajmer-Merwara was :—

- (1) Rs. 1,300 on account of rent realised from the Agency House, Deoli.
- (2) Rs. 994 on account of rent realised from the Cantonment Magistrate's bungalow, Nasirabad.

(f) *Arboriculture—Roadside tree plantation.*

77. During the year four miles were added to the avenues, two miles on the District Fund Roads and two on the Imperial Roads thus bringing the total length of roads under plantation on the 31st March 1926 to 114 miles and 1 furlong.

The total expenditure on arboriculture amounted to Rs. 9,762 as against Rs. 8,499 in the preceding year.

	Rs.
Imperial Roads	6,293
District Roads	3,469
TOTAL	9,762

Six hundred and thirty-four head of cattle were impounded for illicit grazing on the Imperial and District Fund roads against 438 in the previous year.

The income derived from the sale of grass, dry wood and 'babul pods, etc., amounted to Rs. 1,745 as against Rs. 1,522 during the year 1924-25.

	Rs.
* Imperial Roads	1,273
District Fund roads	472
TOTAL	1,745

(g) *Inspection of rain gauges.*

78. The number of rain gauges in Ajmer-Merwara on the 31st March 1926 was 60; 59 of which were inspected by officers of the Civil and Public Works Departments and one by the Civil Surgeon, Ajmer. All were found in good condition.

(h) *Co-operative Societies (year ending the 30th June 1926).*

79. The office of the Registrar was held by Mr. Bal Kishen throughout the year.

80. The number of Central Societies including the 4 Central Banks increased by two and stood at 11 as against 9 in the preceding year. The members of these Central Societies consisted of 1,002 individuals and 807 societies against 965 and 750 respectively in the preceding year. The number of Agricultural Societies rose from 456 to 486, the number of their members being 10,020 against 9,647. The non-Agricultural Societies numbered 95 with 5,289 members as against 68 and 4,587 respectively last year.

81. The working capital of the Central, Agricultural and non-Agricultural Societies amounted to Rs. 21,62,753, Rs. 17,38,604, and Rs. 3,87,248 respectively against Rs. 19,27,334, Rs. 16,48,466 and Rs. 3,00,246 last year. The total working capital of all the societies amounted to a little over 42½ lakhs of rupees.

Of the working capital of the Central Banks, *viz.*, Rs. 20,79,410, the Ajmer Central Bank accounts for Rs. 12,63,952 against Rs. 11,37,729 in the preceding year; the Beawar Central Bank for Rs. 6,73,061 against Rs. 5,92,021; the Nasirabad Central Bank for Rs. 1,20,654 against Rs. 1,21,262; and the Kekri Central Bank for Rs. 21,743 against Rs. 22,936. The working capital of the remaining 7 Central Societies amounted to Rs. 83,343 against Rs. 53,386.

82. AJMER CENTRAL BANK, LTD.—There were 499 individual and 255 society members against 490 and 252 respectively last year. The share capital remained unaltered, *viz.*, Rs. 1,00,000. The deposits from individual members, the reserve and other funds increased by Rs. 77,812, Rs. 10,120 and Rs. 923 respectively. The amount of profit earned by the Bank during the year was Rs. 18,190. It advanced loans to the extent of Rs. 5,15,719 to individuals and Rs. 5,31,842 to other banks and societies.

The balance of loans outstanding at the beginning of the year was Rs. 10,12,156 and an aggregate of Rs. 10,47,561 was advanced during the current year bringing the total amount of loans to Rs. 20,59,717: of this a sum of Rs. 10,05,586 was recovered during the year, leaving an outstanding balance of Rs. 10,54,131.

The Bank continues to enjoy the confidence of the public.

83. BEAWAR CENTRAL BANK.—The membership of individuals remained stationary at 297 while the number of societies rose from 239 to 257. The share capital remained the same as last year, *viz.*, Rs. 1,01,300 but the reserve and other funds rose from Rs. 40,925 to Rs. 48,359. The deposits from individuals increased from Rs. 4,47,598 to Rs. 4,81,621.

The last year's outstanding balance of loans amounted to Rs. 5,56,598 and the amount advanced during the year under report was Rs. 1,36,713, making a total of Rs. 6,93,311. The amount realised was Rs. 76,618 leaving an outstanding balance of Rs. 6,16,693 at the close of the year.

84. NASIRABAD CENTRAL BANK, LTD.—The share capital was Rs. 25,000 as in the preceding year. The number of individual members fell from 77 to 74 but

the number of societies increased from 62 to 74. The reserve and other funds amounted to Rs. 10,850 against Rs. 10,885 last year. The deposits from individuals decreased by Rs. 6,353. The last year's balance of loans was Rs. 1,12,847 and a sum of Rs. 43,549 was advanced during the year under report, making a total of Rs. 1,56,396, of which a sum of Rs. 41,167 was realised leaving an outstanding balance of Rs. 1,15,229 at the close of the year.

85. **KEKRI CENTRAL BANK, LTD.**—The membership of individuals remained unaltered, viz., 54 but that of societies increased from 11 to 14. The share capital was the same as last year, viz., Rs. 12,575. The reserve and other funds increased from Rs. 5,735 to Rs. 5,877 but the deposits from individuals fell from Rs. 3,975 to Rs. 3,290. The total amount of loans outstanding was Rs. 23,951 including Rs. 20,034 on account of the preceding year's balance. The amount collected was Rs. 3,506 leaving an outstanding balance of Rs. 20,445 on the 30th June 1926. The bank is in liquidation.

86. The net profits of all the Central Societies amounted to Rs. 29,689 against Rs. 35,232 last year. The amount of the reserve and other funds was Rs. 2,38,488 against Rs. 2,10,338.

87. The Educational Inspector of the Punjab paid his annual visit to Ajmer and held the usual training class during the year.

88. I have again the pleasure of commending the zealous work of the Registrar, Mr. Balkishen, in the difficult task allotted to him of gradually improving the work of the Co-operative Department in Ajmer-Merwara.

Last year I commented on the co-operative movement from the angle of vision that a professional banker would take on the operations of the Central Banks. I drew attention to the fact that though the amounts out on loan had increased, profits had decreased, and also to the very large sum out on loan and the permissible assumption that much of this must be very weakly secured.

The cause assigned for diminution in profits—namely a larger amount out on lower rates of interest—is indicative of the fact that the Central Banks are beginning to realise that their own popularity and stability are in danger if the policy of seeking outlets for surplus capital by hurling it at the heads of affiliated societies at high rate of interest is continued.

The shareholders of the Ajmer Central Bank must be content with smaller dividends and lower rates of interest.

As regards the Beawar Central Bank not only are their dividends too high, but it appears to be paying these out of unrealised profits, which, as the Registrar of the Punjab has pointed out, is not only contrary to sound business principles but is against the law. This bank has had two cases of embezzlement by members of its staff—the result of a failure to take adequate security.

The Ajmer Mortgage (Urban) Bank is also making the mistake of paying high dividends. I believe that the Registrar proposes to approach Government for a long term loan at cheap rate of interest for this mortgage bank. If, however, the shareholders insist upon their dividends, it will be difficult to persuade Government to grant a loan even though such money were itself entirely utilized for redeeming land.

The Bombay, Baroda and Central India Railway Indian Co-operative Association is a well-run Society. Its only danger at present is the question raised before the Railway Board of the legitimacy of allowing them to import grain by the Railway at cheap rates for the benefit of their members.

Regarding the co-operative movement in Ajmer-Merwara, as a whole the situation may be summed up as follows :—

Out of 650 societies, 60 have already been brought under liquidation and 50 others are in such a bad condition that there is little hope of their recovery. As regards these weak societies, the wisest policy to adopt is not their immediate cancellation, but an attempt to make compositions between the debtors and the Central Banks whereby the former gradually pay off such sums as they can, and the latter agree to sacrifice part, at any rate, of their interest. This should leave the district with only more or less solvent societies, to which can be added others. and in dealing with these the mistakes made in the early days, namely thrusting

of easy money down the throats of embarrassed cultivators without adequate security, should be strictly avoided.

With an increase in the staff and a larger contribution to the Salary Fund, both of which on the advice of the Registrar of the Punjab, I have already recommended, there is reason to hope that within about 5 years, greater benefits will accrue to the cultivators of the District not only from the credit societies but from the other branches of the Co-operative Department's work including Better Farming and Thrift Societies.

(i) *Agricultural stock.*

89. The table below compares the result of the enumeration of agricultural stock in Ajmer-Merwara during the year under report with the figures of the two preceding years :—

	1923-24.	1924-25.	1925-26.
Cows and Bullocks	269,349	283,990	306,986
Buffaloes	77,770	76,270	112,207
Sheep and goats	439,377	424,135	530,532

There were the following epidemic diseases during the year in certain villages of Ajmer-Merwara :—

(1) Rinderpest.

(2) Foot and mouth.

(j) *Forests.*

90. Excluding arboriculture, which has already been dealt with above, the total receipts and expenditure of the Ajmer-Merwara Forests for the year under report amounted to Rs. 71,486 and Rs. 48,725 respectively against Rs. 64,931 and Rs. 43,380 in the preceding year. The net surplus was thus Rs. 22,761 against Rs. 21,551 last year.

91. The financial results of the year were again satisfactory. The surplus of Rs. 22,761 is due mainly to better exploitation of the forest resources in charcoal and firewood, and to provisions made for certain repairs and additions to the Forest growth, which facilitated the marketing of these products.

The report refers to the year ending March 1926 and this accounts for the fact that though there was great fodder scarcity no famine insurance grass was distributed. The distribution of grass began after that date.

The proposal contained in the concluding paragraph of the report is of importance. It should be possible to keep a sufficient supply of grass in hand in good years, so that Ajmer-Merwara may in future be self-supporting in times of scarcity in so far as fodder is concerned. Although it will be impossible to collect a supply sufficient to feed all the spare cattle which always have to be sent away for grazing in bad years, it should be possible to collect sufficient to keep alive the bullocks required for cultivation and cows and buffaloes required for milk and ghee, without importation from outside. The present position is that a certain amount of grass is collected departmentally and this is supplemented by the right-holders having to deposit one head-load only of grass per ticket in the Forest depôts. No hardship would be caused if this one head-load were increased to 2 and subsequently to 3 or even 4.

The necessary presses would be a legitimate charge against the profits.

I am able to commend the work of the Extra Assistant Conservator of Forests and his staff on the year's working.

SECTION V.

REVENUE AND FINANCE.

A.—IMPERIAL.

(a) *Land and Water Revenue.*

92. DEMAND AND COLLECTIONS, ETC. OF LAND AND WATER REVENUE *vide* STATEMENT No. 35.—The current demand on account of Land and Water Revenue for the year amounted to Rs. 3,73,121 as against Rs. 3,45,584 for the year 1924-25 as detailed below:—

	1924-25.	1925-26.
	Rs.	Rs.
Khalsa villages	2,30,850	2,58,387
Istimrari Area	1,14,734	1,14,734
	3,45,584	3,73,121

Including the arrears of the previous years the total demand aggregated Rs. 4,18,987 against Rs. 3,82,889 for the year 1924-25.

The total collection amounted to Rs. 3,43,714 against Rs. 3,36,249 in the year 1924-25 as detailed below:—

	1924-25.	1925-26.
	Rs.	Rs.
Khalsa villages	2,26,805	2,34,392
Istimrari Area	1,09,444	1,09,322
	3,36,249	3,43,714

A sum of Rs. 5 was remitted in the Bhaonta village.

The balance of Land and Water Revenue on the 31st March 1926 was Rs. 75,268 of which Rs. 42,101 remained outstanding against Istimrari area and Rs. 33,167 against Khalsa villages.

93. VARIABLE ASSESSMENT.—The system of fluctuating assessment in 46 villages worked satisfactory. The following table compares the assessment made in the year 1333 Fasli (1925-26) with the standard revenue fixed:—

Name of Tehsil.	STANDARD.			ASSESSMENT FOR 1925-26.		
	Land revenue.	Water revenue.	Total.	Land revenue.	Water revenue.	Total.
Ajmer	14,473	1,523	15,996	15,107	911	16,018
Beawar	2,800	1,547	4,347	1,979	375	2,354
	17,273	3,070	20,343	17,086	1,286	18,372

The decrease in the assessment in Beawar was due to a large reduction in the irrigated area actually cultivated. The rainfall was not tank filling and there was not sufficient percolation in the wells.

REPORT ON THE ADMINISTRATION

94. LAND REVENUE—MISCELLANEOUS RECEIPTS *vide* STATEMENT No. 35.—The miscellaneous income during the year amounted to Rs. 12,357 against Rs. 11,785 last year.

95. PRICES.—The retail prices of the principal food grains, barley and maize, were as follows :—

	BARLEY.				MAIZE.			
	June 1925.		January 1926.		June 1925.		January 1926.	
	Srs.	Ch.	Srs.	Ch.	Srs.	Ch.	Srs.	Ch.
Ajmer	10	1	8	4	9	12	8	2
Beawar	9	12	8	4	9	12	8	12
Todgarh	10	0	8	0	11	12	8	2

96. REVENUE PROCESS.—In the Khalsa villages 500 writs and 119 warrants were issued for the recovery of Land and Water Revenue and Takavi instalments.

97. LOANS TO TALUKDARS UNDER AJMER TALUKDARS LOAN REGULATION 1911 (DAMI LOAN).—The transaction of Dami loan during the year under report is as shown below :—

	Rs.	A.	P.
Balance outstanding on 31st March 1926	3,03,952	7	8
Amount advanced during 1925-26	3,500	0	0
Amount realized during the year	3,07,452	7	8
Balance outstanding on the 31st March 1926	20,888	4	3
TOTAL	2,86,564	3	5

A sum of Rs. 19,916-1-6 on account of interest on the above loans was also collected during the year under report.

(b) *Excise, Opium and Drugs* (*vide* Statement Nos. 36 to 40D).

98. The total receipts during the year from excise, opium and drugs amounted to Rs. 7,14,182 as against Rs. 7,09,414 showing an increase of Rs. 4,768.

The expenditure amounted to Rs. 32,303 as against Rs. 28,977 in the preceding year. The increase of Rs. 3,326 is due to introduction of the new time scale of pay of the clerical establishment and the annual increment due to the Extra Assistant Commissioner, Excise.

The net revenue after deducting expenditure was Rs. 6,81,879 as against Rs. 6,80,437 in the last year.

The incidence of Excise Revenue per head of population rose from 1-6-11 to 1-7-1 during the year under report.

99. COUNTRY SPIRIT.—The rates for the supply of country spirit were the same as in the preceding year, *viz.*—

MAHOWA.						GUR.					
25 U. P.			50 U. P.			25 U. P.			50 U. P.		
Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.
1	7	3	0	15	6	1	8	9	1	0	6

The rates of still head duty per proof gallon remained the same as in the preceding year, *viz.*:—

	Area.	Rs.	A.	P.
Urban	8	0	0
Rural	5	10	0

The total quantity of liquor issued from the distillery in terms of proof gallons amounted to 1,04,077·2 gallons as against 72,079·9 in the last year.

The number of liquor shops was 109 as against 108 last year. Dhani shop was closed as no suitable bidder came forward to take the shop. Two new shops were opened (1) at Dewair and (2) at Dabrela to avoid smuggling.

100. TODDY.—The monopoly for the tapping and vend of toddy was given for Rs. 700 for the year under report.

101. FOREIGN LIQUOR.—The license fees for the wholesale and retail vend of foreign spirits and foreign fermented liquors amounted to Rs. 1,558 as against Rs. 1,660 during the previous year.

The number of licenses issued during the year was 16 as in last year.

102. OPIUM.—The total opium receipts amounted to Rs. 54,232 against Rs. 45,886 in the previous year. The increase is due partly to a fall in the price of opium purchased by the Contractor from Kotah and partly to increased consumption of opium.

The total number of licenses issued for the wholesale and retail vend of opium were 4 and 39 against 6 and 38 respectively in the preceding year.

103. POPPY CULTIVATION.—There was no poppy cultivation during the year under report. Confiscated and unclaimed opium weighing 12 maunds 12 seers 8 Chattaacks was sent to the Opium Factory at Ghazipur.

104. HEMP DRUGS.—The receipts from the hemp drugs amounted to Rs. 61,211 as against Rs. 76,297 in the preceding year. The decrease is due to the fall in consumption which is accounted for by the duty having been raised to Rs. 60 a seer in Ajmer-Merwara and that Charas is sold at a cheaper rate in Indian States.

The number of shops for the retail vend of intoxicating drugs was the same as in the previous year, *viz.*, 16.

105. COCAINE.—The quantity of cocaine imported and consumed during the year under report was as follows:—

	Oz.	Grs.
Balance in hand on 1st April 1925	7	330 $\frac{8.5}{9.6}$
Imported from outside the District	0	312
Supplied locally	7	380 $\frac{3.1}{3.2}$
TOTAL	16	148 $\frac{1.3}{2.4}$
Consumption during the year	7	201 $\frac{4.5}{9.6}$
Balance in hand on 31st March 1926	8	384 $\frac{5.5}{8.6}$

Cocaine weighing 88 $\frac{3}{8}$ grains was received by confiscation during the year but this will have to be destroyed as it is unfit for human consumption.

106. PROSECUTIONS.—During the year 84 persons were prosecuted under the Excise Regulation of whom 62 were convicted.

Under the Opium Act 35 persons were prosecuted of whom 21 were convicted. 119 persons were convicted under the Police Act for drunkenness against 51 in the previous year.

34 persons were arrested for illicit possession and sale of cocaine of whom 10 were convicted.

In Ajmer-Merwara there was no important case detected affecting other Provinces, hence no report was submitted to the Intelligence Bureau.

The Excise Intelligence Bureau established in 1913 has continued to do useful work in systematizing the detection of the breaches of the Excise Laws.

107. GENERAL REMARKS.—The efficiency of the working of the Excise Department in Ajmer-Merwara is mainly due to the keen interest taken by Rai Bahadur Pandit Pyarailal, Extra Assistant Commissioner, Excise.

(c) *Stamps (vide Statement No. 41).*

108. The gross income from stamps amounted Rs. 2,64,397 as against Rs. 2,68,039 in the year 1924-25 as shown below :—

	1925-26	1925-26	Difference.
Judicial stamps	Rs. 2,06,252	2,02,680	3,572
Non-Judicial stamps	61,787	61,717	70
Recoveries in pauper suits
	<u>Rs. 2,68,039</u>	<u>2,64,397</u>	<u>3,642</u>

The decrease in the sale of Judicial and Non-Judicial stamps is due to a smaller number of suits being instituted as compared with last year.

There were no prosecutions for breaches of Stamp Law during the year.

The expenditure on account of the refund of the value of stamps was as under :—

	Rs.	A.	P.
Judicial stamps	3,597	8	0
Non-Judicial Stamps	2,404	5	0
TOTAL	<u>6,001</u>	<u>13</u>	<u>0</u>

The discount paid to the stamps vendors in the district was Rs. 4,043 against Rs. 4,235 in the preceding year.

The total charges in connection with the working of the Stamp Department amounted to Rs. 26,374* against Rs. 22,623 in the preceding year.

(d) *Income-tax and Super-tax.*

109. INCOME-TAX.—Out of the total demand of Rs. 1,89,154 on account of Income-tax a sum of Rs. 28,731 was refunded and Rs. 3,073 remained outstanding on the 31st March 1926.

The net collections (including the excess collection and advance payments) amounted to Rs. 1,61,112† as against Rs. 1,67,628 in the previous year. In addition to this a sum of Rs. 34,774 as shown below was collected at source in respect of which no information is available in this office.

	Rs.
1. Collection of tax on Government securities	6,187 0 0
2. Tax deducted by Government from salaries and pensions	28,587 0 0
TOTAL	<u>34,774 0 0</u>

110. SUPER-TAX.—No portion of the net demand on account of super-tax remained outstanding on the 31st March 1926 and the net collection amounted to Rs. 92,088 as against Rs. 75,000‡ in the previous year.

111. GENERAL.—The total collection of Income-tax and Super-tax amounted to Rs. 2,87,974. The number of persons assessed to tax by the Income-tax Officer, Ajmer-Merwara, was 547 as against 578 in the previous year.

* Includes

	Rs.	A.	P.
1. Discount on sale of stamps	4,043	0	0
2. Contingencies	2,634	0	0
3. Pay of clerk	494	0	0
4. Pay of Process Serving staff	19,203	0	0
TOTAL	<u>26,374</u>	<u>0</u>	<u>0</u>

† Includes Rs. 22,137 collected from Companies.

‡ Includes Rs. 9,154 collected from Companies.

No persons were prosecuted for failure to submit accounts. The cost of collection amounted to Rs. 8,500 as against Rs. 7,333 in the preceding year.

21 appeals were filed under section 30 (1) of the Income-tax Act, all of which were disposed of. A sum of Rs. 1,208 was remitted on appeal. One application for review under section 33 (1) was filed and the same was disposed of during the year.

The expenditure amounted to 3% of the total collection. The incidence of tax per head of population (4,95,271) in the district of Ajmer-Merwara was 9·3 annas.

Conditions of trade during the year under report showed no improvement as last year, and sales of all sorts of commodities fell off with a consequent reduction in the profits of traders.

B.—REVENUE AND FINANCE OTHER THAN IMPERIAL.

(e) *District Fund.*

The year opened with a cash-balance of Rs. 35,969 excluding the Dispensary Fund balance of Rs. 624.

The receipts amounted to Rs. 94,031 against Rs. 86,605 in 1924-25.

The corresponding figures of expenditure are Rs. 80,926 against Rs. 81,272 in the preceding year.

The increase in receipts during the year is due to good traffic on the District Fund Roads in Ajmer-Merwara and better realisations from toll tax imposed on them.

The closing balance of the District Fund on the 31st March 1926 stood at Rs. 49,001 excluding that of the Dispensary Fund amounting to Rs. 697.

The Board held 4 meetings during the year.

(f) *Local Funds.*

113. DISPENSARY FUND.—The cash balance at the credit of the Ajmer-Merwara Dispensary Fund at the beginning of the year amounted to Rs. 624.

The receipts during the year under report amounted to Rs. 10,559 against Rs. 10,450 in the preceding year.

The expenditure during the year amounted to Rs. 10,486 as compared with Rs. 10,554 in the preceding year.

The year closed with a cash balance of Rs. 697 exclusive of investment in Government securities to the extent of Rs. 44,000.

114. CHOWKIDARI FUND.—The receipts amounted to Rs. 15,408-6-3 as against Rs. 13,971-13-11 in the previous year, the increase being due to recovery of arrears of contribution payable by the Istimrardars towards the cost of their Chowkidars' uniforms.

The expenditure was Rs. 15,512-4-4 as against Rs. 13,925-12-11 in the last year, the increase being due to larger amount spent towards cost of uniforms of chowkidars.

The closing balance of the fund on the 31st March 1926 was Rs. 5,475-14-2, the condition of the fund being sound.

Besides this cash balance there are investments aggregating Rs. 25,000 and a permanent advance of Rs. 50 at the credit of the fund.

115. NASIRABAD CANTONMENT FUND.—The total receipts amounted to Rs. 89,894 as compared with Rs. 93,269 in 1924-25. The decrease of Rs. 3,375 was due to grant of remission of land revenue owing to failure of rains and to the non-payment of property tax by bungalow owners, as the question of rent of appropriate bungalows was in dispute with Government.

The expenditure amounted to Rs. 91,190 as against Rs. 86,028 in the preceding year, the increase of Rs. 5,162 being mainly attributable to the purchase of a motor lorry and to improvements made in sanitation during the year.

REPORT ON THE ADMINISTRATION

PUBLIC INSTRUCTION (vide Statements Nos. 46 to 55).

[Compiled by J. A. Richey, Esq., Superintendent of Education, Delhi and Ajmer-Merwara.]

116. DIRECTION AND INSPECTION.—Mr. J. A. Richey took over charge from Mr. R. Littlehales on return from leave in October. The post of Assistant Superintendent was created replacing the Deputy Inspectorship. Mr. Joshi of the Government College was appointed to the new post, and has shown zeal and initiative in his new sphere of work. In the inspection of vernacular schools he is ably assisted by Munshi Gaya Pershad, the Sub-Deputy Inspector. There is no doubt that the new arrangement has done much to improve the administration of education in Ajmer-Merwara.

117. UNIVERSITY AND COLLEGE EDUCATION.—The scheme for founding a university in Rajputana was abandoned owing to lack of support from the Indian States. On the other hand the proposal to found an Agra University to which the colleges in Rajputana will be affiliated took definite shape. The high Schools are under the United Provinces Secondary Education Board. These arrangements for the control of higher education in Ajmer-Merwara cannot be said to be satisfactory.

118. GOVERNMENT COLLEGE, AJMER.—Mr. Miller, the Principal, went on leave in November and Mr. Hari Prasad has since been officiating as Principal. Mr. P. B. Joshi and Mr. P. N. Joshua were transferred from the college and replaced by two new men. Thus the college worked under a disadvantage, but in spite of this the results of the public examinations were fairly satisfactory. In the B. Sc. 6 out of 7 who appeared passed the 1926 examinations. 6 and 28 out of 14 and 53 respectively passed the 1926 examinations.

Orders sanctioning the revision of the salaries of the staff were received during the year. The pay of the Vice-Principal will be in future 450—650 and of the Professors Rs. 200—20—500. The new rates of pay are a distinct improvement on the old rates and should be sufficient to attract competent, if not brilliant, men as vacancies occur, though possibly not to retain them at the college. One great need at the college is the provision of quarters for resident professors. The staff is adequate, except for a teacher of logic, for the present numbers: but it would be desirable to introduce biology with a view to preparing students for medical education.

The number of students on the roll increased from 122 in the last session to 131. A special grant of Rs. 4,000 was utilized in equipping the physical laboratory. The equipment of the chemical laboratory still needs to be brought up to date. The boarding house which is in charge of one of the professors was quite full.

119. SECONDARY EDUCATION.—There was no increase in the number of high and middle schools but the number of scholars rose by 212.

120. GOVERNMENT ANGLO-VERNACULAR HIGH SCHOOL.—The school continued to hold its position as the first institution in the province. It passed 95 per cent. of the students sent up for the high school examination of the U. P. Board, a percentage which is higher than that of any Government school in the United Provinces, Central Provinces, Central India or Rajputana which sent up so large a number of students.

The appointment of a commerce teacher is an important addition to the school staff, the need for which is evidenced by the number of boys taking commercial subjects.

The Head master reports that a system of prefects on the lines of European schools was introduced during the year and promises to prove a valuable aid to discipline.

The average number on rolls was 505 and average attendance 478. The hostel, though large, is not enough to accommodate all who apply. Games are played regularly and under proper supervision.

121. MOINIA ISLAMIA HIGH SCHOOL.—The number of students including 200 in the primary section was 516 during the year as compared to 446 during 1924-25. The number of boys who complete the school course is still small but the school passed 7 out of 8 candidates in the U. P. Board's High School examination of 1926.

The staff was weak in qualifications but has been strengthened within the last few months.

Scheme for substantial additions to the building were drawn up during the year and are now before Government. Meanwhile the primary classes are being moved to a new building. Proposals for the introduction of teaching in Science and Commerce are now under consideration.

122. RECOGNISED ANGLO-VERNACULAR SCHOOLS.—All the aided Anglo-Vernacular schools are suffering from a shortage of funds which does not allow them to pay adequate salaries to their teachers. Funds have not even been forthcoming to pay the schools the grants earned under the Code rules. Consequently most of the teachers serve in the schools till they are in a position to find better employment elsewhere, constant changes in the teaching staff is a very marked feature of the aided schools.

None of the schools contains a special class for boys who join after the Vernacular Middle examination. The curriculum of the lower classes also needs revision to bring them into touch with the Vernacular schools.

123. VERNACULAR SECONDARY SCHOOLS.—The number of students in Vernacular Secondary Schools was 328, a slight increase over last year's figures. The schools are suffering for want of better boarding house and class accommodation. They are besides still considerably understaffed. A special feature of the year was the introduction of English as second vernacular language in the Bhim Secondary school, which has attracted a very large number of students. There is a considerable demand for English teaching from other vernacular schools, which must be met. It is obvious that in the interest of existing Anglo-vernacular schools the parents of 'English' pupils must pay adequate fees.

124. PRIMARY EDUCATION.—Three private schools were recognised in 1925-26 bringing the number of recognised primary schools to 146. The number of scholars thus increased by 289. Only one school house was erected during the year (at Sathana) by the District Board; otherwise the situation with regard to the housing of village primary schools remains unchanged.

Steps were taken during the year to abolish classes A and B in all primary schools and to bring the curriculum of Anglo-vernacular and Vernacular primary schools to the same standard. This step is calculated to save a year in the child's career.

The Assistant Superintendent of Education reports that efforts have as far as possible been made to introduce Urdu as first vernacular in all more important primary schools but the number of Muslim scholars actually taking Urdu does not point to any serious demand for this subject.

During the year the attention of the Municipalities was drawn to their duty in the domain of primary education and schemes for handing over the management and control of primary schools in urban areas were prepared. They were not fully matured when the year under review closed. This step is likely to stimulate education in municipal areas.

125. EDUCATION OF GIRLS.—The number of recognised girls schools of all grades increased by four and the number of pupils by 374. The number of girls attending village primary schools is increasing. But on the whole no marked progress has been possible in this field. This is mainly due to the lack of any female inspecting staff. In the absence of anything better it was arranged with the Delhi Government to allow their Assistant Superintendent of Female Education to inspect the Ajmer Girls Schools. The permanent Assistant Superintendent of Female Education being on leave, the Deputy Directress of Education, Punjab, visited Ajmer once and inspected all the important girls schools. The Central Girls School, Ajmer, again did well in the Vernacular Middle examination. There is need for a school of a higher grade.

REPORT ON THE ADMINISTRATION

126. **MOHAMMADAN EDUCATION.**—The number of Mahommedan students in all public institutions increased from 1,336 last year to 1,647. Two Muslim Maktabas, namely the Madrassa-i-Haqqani at Nasirabad and the Saidiya Orphanage at Ajmer were induced to seek recognition and follow the departmental rules. It is too early to say whether these schools will offer an education in any way commensurable with that offered in Government primary schools. If not, then the encouragement of Maktab schools will only be a hindrance to the cause of Mohammadan education.

127. **SPECIAL EDUCATION.**—(a) Training of teachers. No students were admitted into the Ajmer Normal School during the year as the number of trained teachers in the waiting list was sufficient for the requirements of the district. Moreover the school no longer serves the Rajputana States who have stopped their contributions to it and opened their own training schools. It was therefore decided during the year to divert a part of the expenditure in the Normal School towards the opening of an Anglo-Vernacular training class, thus meeting a very great need of the Province. The scheme was just sanctioned when the year closed.

(b) Adult Education. The Co-operative Credit Society continues to take interest in this important branch of education and although it has not yet been possible to give aid to more than one of their institutions, the adult schools at Jorawarpura and Jethana seem to be popular. The Assistant Superintendent of Education, Ajmer, is encouraging this experiment.

(c) Special Scholarships. Two students were reading in the Engineering classes of Roorkee and Benares respectively as Government stipendiaries. The Local Government paid provincial contributions to the United Provinces Government for the Roorkee college student.

128. **PHYSICAL CULTURE.**—Scouting and Girl Guide Movements are flourishing. Two important features of the year were the starting of a Girl Guide Troop in the Ajmer Central Girls's School and the first Bhim Scout Troop. The introduction of scouting in rural areas in Ajmer-Merwara is a novel experiment and the Head Teacher, who is an experienced Scout Master, reports that it is being appreciated by the village public and that the village boy makes as good a scout as young men in urban areas.

129. **EUROPEAN EDUCATION.**—On Mr. Miller's proceeding on leave, Mr. J. A. Richey kept with himself the charge of European education. There were eight European Schools, three in Ajmer and five along the Railway line in Rajputana. Out of these seven were aided. The total enrolment during the year was 395 boys and 265 girls. St. Anselm's is making large additions to its premises, part of which is being built on ground given from the Government College.

130. **GENERAL.**—During the year under review general activity in all branches of education, both rural and urban, was noticeable, and if the interest now evinced by the Educational staff of the district and the various public bodies is sustained and if additional funds are forthcoming from the Government of India the educational prospect in Ajmer-Merwara is full of hope.

SECTION VII.

GENERAL MISCELLANEOUS.

(a) Pushkar Fair.

131. The annual religious fair at Pushkar including the Horse and Cattle Show was held from the 27th October to the 1st November 1925.

The number of horses, camels and cattle brought for sale rose to 16,881 against 12,729 in the preceding year. Of the number admitted 8,804 were sold for Rs. 6,55,371 as against 9,272 sold for Rs. 7,66,744-8-0 in the preceding year. Although the actual number of horses, camels and bullocks brought to the fair shows a marked increase, the realizations on account of capitation tax fell from Rs. 22,768-8-0 in the preceding year to Rs. 20,560-12-0; this was due to unfavourable agricultural conditions.

Prizes to the extent of Rs. 911 were awarded in the various show classes by the Judging Committee appointed for the purpose and distributed by the Hon'ble the Agent to the Governor General, Rajputana, and Chief Commissioner, Ajmer Merwara.

The police, sanitary and other arrangements in connection with the fair were satisfactory and no serious crime or case of cattle theft occurred.

(b) Urs Fair.

132. The annual Urs fair in connection with the Shrine of the Dargah Khwaja Moinuddin Chishti at Ajmer was held from the 15th to the 24th January 1926. The number of pilgrims who attended the fair was about 50,000 as compared with 40,000 last year.

The usual police arrangements were made. No serious crime occurred and the fair passed off quietly.

(c) Beawar and Kekri Teja Fairs.

133. The Annual Teja Fair at Beawar was held on the 29th August 1925. The gathering at the fair was estimated to be about 5,000 persons, the decreased attendance as compared with last year being due to the unfavourable agricultural outlook.

A demonstration of agricultural implements was given by the Superintendent of the Agricultural Farm at Makrera on the 30th September 1925 in the Municipal Garden and an exhibition of hand industries and handicrafts was held in the afternoon, in the hall of the Holland Municipal school.

134. The Teja Fair at Kekri was held from the 27th to 29th August 1925. Here too the gathering was smaller than last year, being about 3,500 persons due to the same cause as in Beawar. A new feature of this year's fair was an inter-school tournament.

(d) Printing Presses (vide Statement No. 56).

135. The number of printing presses rose to 24 from 22 in the previous year 1924.

The number of newspapers and periodicals was 5 and 16 as against 3 and 17 respectively last year.

6 books in English, 58 in Hindi, 1 in Urdu, 2 in Sanskrit and 18 in more than one language were printed in 1925.

(e) Bhomias' Darbar.

136. The District Magistrate, Ajmer-Merwara, collected the usual Nazrana from Bhomias on the 3rd June 1925, the day fixed for the observance of the birthday of His Majesty the King Emperor. The usual inspection of arms and horses of mounted Bhomias was made. Out of the total demand on account of Nazrana amounting to Rs. 3,959-0-6 a sum of Rs. 3,897-12-6 was realized at the Darbar leaving a balance of Rs. 61-4-0 which was recovered later.

(f) Rajputana Museum.

137. The Museum was started in 1907 and is in charge of a Curator appointed by the Government. It is managed by the Committee of which the Commissioner, Ajmer-Marwara, is the *ex-officio* President.

During the year under report 10 silver, 6 copper and 11 bullion coins and 2 antiquities were added to the museum.

The total receipts including the opening balance of Rs. 35-3-0 amounted to Rs. 4,879-8-9, of this sum the Government contributed Rs. 3,689-8-0 and local bodies Rs. 791-10-8. The total expenditure amounted to Rs. 4,297-8-0 leaving a balance of Rs. 582-0-9.

(g) Treasure Trove.

138. Sixty Government Rupees, one eight-anna coin of 1887, two four-anna coins of 1905 and 1912, Rs. 3 of Shahpura coin, Rs 2 of Chitorī coin, Re 1 Sarupshahi coin and Re. 1 of Bundi coin were found by Musammat Phempli, widow of Gopal Daroga, while she was taking out some stones and slabs from the broken wall of the house of Rajmal of Sathana.

A notification under section 5 (b) of the Treasure Trove Act VI of 1878 was duly published.

The coins were not of any antiquarian interest and were returned to the finder.

R. J. W. HEALE,

LIEUT.-COLONEL,

Commissioner, Ajmer-Marwara.

APPENDICES TO REPORT.

No. 1.—Schedule of Climate of Ajmer for the year 1925.

NOTES.—Column 1.—Sub-head "Court of Sessions."—Includes cases decided by Sessions Judges on reference under Section 123, C. P. C.

Column 1.—Sub-head "Superior Courts."—Includes cases decided by the High Courts on reference under Sections 307 and 374, C. P. another.

Column 2.—That is, the total of the entries in columns 3 to 14. The cases of persons transferred from one Court to another in the same province will appear only against the Court by which decided or in which pending at the end of the year if not decided.

Column 3.—A note against the figure for each Court should be made in the column of remarks showing separately how many accused persons were transferred to another province.

Columns 5 and 6.—Persons whose cases were referred to a Superior Court for higher punishment, for orders under Section 562, Criminal Procedure Code, or for confirmation of sentence will be entered in column 7, and not in columns 5 and 6, against the Court making the reference. Against the Court receiving the reference they will be shown as convicted or acquitted, according to the orders passed by it, or as pending if orders have not been passed.

Column 7.—These cases will also be shown against the Magistrates who made the reference, entry being made as directed above.

Column 8.—An insane accused who has been sent to a lunatic asylum should be kept on the file and entered in this column until he has been tried and either convicted or acquitted.

Column 9.—Omit cases in which the accused died, escaped, or was transferred.

Column 10.—In calculating the duration, before the Magistrate's Courts, the starting points to be taken is not the date of complaint or information but that of apprehension, or attendance on summons or otherwise of the accused.

As regards Courts of Sessions, the actual number of days occupied should be given, commencing from the date of commitment. Cases in which the accused has absconded before arrest or has escaped from custody should be taken off the file till the persons implicated appear again.

General.—The figures in this statement should agree with those of Statement No. 2, and should include nothing else.

N. B.—Columns Nos. 6, 7, 8, 12, 13 are blank.

R. J. W. HEALE, Lt.-Col.,
Commissioner and Sessions Judge, Ajmer-Merwara.

Judicial Statement No. 5—(Criminal).

NOTE.—Column 1.—Sub-head, "Courts of Sessions"—Includes cases decided by Sessions Judges on reference under Sections 31, 34 and 123, C. P. C.
Column 2.—Sub-head, "Superior Courts"—Includes cases decided by High Court on reference under Sections 307 and 374, C. P. C.
Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portions of fines imposed by officers in the exercise of original jurisdiction only.
Column 20.—Represents compensation awarded to complainants under Section 515, Act V of 1898. These awards should also be shown under the head "fines", "imposed", and "realized" in columns 18 and 19, for they form part of such fines.

General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with total of columns 12 to 17 (both inclusive) and the total of column 9 should correspond with the total of columns 26 to 28 (both inclusive).

(2) This statement is meant to exhibit every sentence passed and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished with the number entered as convicted in Statement 4, it is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a footnote. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, punishment, if any sanctioned by the higher Court, should be entered against such higher Court and not against the Court making the reference.

N. B.—Columns Nos. 2, 4, 7, 28 and 29 are blank.

R. J. W. HEALE, Lt.-Col.,
Commissioner and Session Judge, Ajmer-Merwara

JUDICIAL STATEMENT No. 6-(CRIMINAL).

No. 16.—Statement showing the result of appeal and revision in criminal cases in the District of Ajmer-Merwara in the year 1925.

Tribunals.	Number of Persons.										Remarks.
	1	2	3	4	5	7	8	9	10	11	12
	Total number of appellants for revision before the Court.	Died, escaped, or transferred to another province.	Appeal or application rejected.	Sentence or order confirmed.	Sentence reduced or otherwise altered.	Sentence reversed.	Proceedings quashed.	New trial or further enquiry ordered.	Referred to the High Court.	Pending trial.

" Superior Courts	
TOTAL	62	...	49	2	10	1	
GRAND TOTAL	340	11	158	36	26	71	16	9	11	16	

Notes.—Column 2.—Total of Columns 3 to 12. Cases transferred from one Court to another in the same Province will appear only against the Court by which decided, or in which pending at the end of the year, if not decided. The words "Applicants for revision" in the heading of this column should be held to include only accused persons on whose behalf an application for revision is made, or in whose interest the Magistrate or Judge may take steps to obtain revision on his own motion. Where such application is made, or such steps are taken, on behalf of a complainant, the fact should be noted, with the number of complainants concerned, in the column of Remarks. In the latter case, the accused persons against whom the application is made, though not appearing in this column, will fall into their proper places in columns 3 to 13, according to the result of such application. This note is held to apply also to cases dealt with by the High Court, on review of returns.

Column 3.—Appals dismissed under section 423, C. P. C., should be entered in this column.

Column 4.—Orders of discharge set aside by a Superior Court under section 436 of C. P. C. should be entered in this column.

Column 10.—When a sentence is reversed or proceedings are quashed on appeal, and a new trial or further enquiry is at the same time ordered, the Appellate Court should not fill in column 8 as well as column 10, or column 9 as well as column 10, in each case respectively, but should make the entry in column 10 only.

Column 13.—Duration of appeals, applications for revision, or reference should be calculated thus—

(1) Appeals from date of receipt in Office of the petition of application ;

(2) Applications for revision—from the date of application ;

(3) Cases dealt with by the Court otherwise than on application—from date of the order calling for the records ; and

(4) Cases sent to the High Court by lower Courts for revision—from the date of the order from the Court making the reference.

General.—Persons whose appeals were rejected under section 421, Criminal Procedure Code, should be entered in column 4, in which should also be included applicants for revision whose cases the Courts have refused to submit to the High Court. In columns 5 to 10 should be shown, opposite the sub-heads for Magistrates of District and Courts of Sessions, persons whose cases were disposed of by those Courts without reference to the High Court, and in column 11 all persons whose cases these Courts referred to the High Court.

N.B. —Columns Nos. 6, 13, are blank.

NOTES.—Column 2.—Total of the entries in columns 3 to 13. Cases transferred from one Court to another in the same Province will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from the preceding year should be noted in the column of remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 3 of Statement VII. If after deducting the arrears shown at the end of the previous year the balance does not agree with the figures in column 3 of Statement VII, the difference should be explained.

Column 6.—When under Section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column.

Column 8.—A case in which defendant appears, but a plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed the case should be entered in this column.

Column 15 and 16.—As regards the average duration of suits the date of their presentation of the plaint shall be considered as the date of institution, unless some defect or omission requires to be amended before the plaint can be admitted, in which case the date of admission after amendment shall be regarded as the date of institution. With regard to applications to execute decrees the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed been pending in the superior Court. Revised suits are to be treated as if newly instituted on revival.

N.B.—For explanation of certain terms used in the tables please see below.
 * Includes expenditure on Buildings.

EXPLANATIONS.

1. *School Year*.—In these tables the school year is assumed to coincide with the financial year, i.e., to extend from April 1st of one year to March 31st of the next, though in actual practice some institutions, e.g., European schools, may close in December and others, e.g., colleges, in May.

2. *Recognised Institutions* are those in which the course of study followed is that which is prescribed or recognised by the Department of Public Instruction or by a University or a Board of Secondary and Intermediate Education constituted by law and which satisfy one or more of these authorities, as the case may be that they attain to a reasonable standard of efficiency. They are open to inspection and their pupils are ordinarily eligible for admission to public examinations and tests held by the Department or the University or the Board.

3. *Unrecognised Institutions* are those which do not come under the above definition of recognised institutions. They are for the most part indigenous institutions for education of a religious character.

4. *Other sources* include income from endowments, subscriptions, contributions, etc.

5. *Classification*.—In tables IV-A and IV-B, Class I represents the lowest class in the school, whether called infant class, sub-standard A or Class I. Where the number of school classes exceeds 10 the additional classes should be entered in the spaces left blank below X and numbered for the purposes of this table XI and XII.

6. *Intermediate colleges and examinations*.—An "Intermediate college" means an institution preparing students for admission to the degree courses of a University or for entrance into vocational colleges. The Intermediate examination means an examination qualifying for admission to a course of studies for a degree.

7. *European scholars* are included in the general summary and General Tables II-A and B, IV-A and B, V-A and B, VIII and IX.
